PROFESSIONAL PROFILE

Learning Systems Specialist and L&D Operations professional with 10+ years across higher education, curriculum systems, corporate onboarding, digital adoption, and AI-enabled learning and research work. Built Rocketiversity for 100+ employees, contributing to 30% faster time-to-productivity through role-based learning paths, readiness milestones, assessments, and feedback loops. Since January 2025, working remotely as a Learning Consultant, AI Trainer, and Remote Research Analyst. Strong fit for remote roles requiring LMS operations, onboarding systems, learning analytics, content governance, and practical learning design.

CORE CAPABILITIES

► LMS & Learning Systems

Learning paths, assessments, learner tracking, content governance, user adoption

► Onboarding & Capability Building

Role-based onboarding, competency mapping, readiness milestones, modular content

► Learning Consulting & Needs Analysis

Needs analysis, audience profiling, curriculum maps, job aids, assessment outlines

► AI Training & Prompt Engineering

Model-output review, prompt workflows, instruction-following, response-quality evaluation

► Remote Research Analysis

Multi-source research, comparison matrices, structured briefs, decision-support summaries

► Learning Analytics & Improvement

Completion tracking, progress monitoring, feedback analysis, drop-off review, CI

PROFESSIONAL EXPERIENCE

Freelance Learning Consultant, AI Trainer & Remote Research Analyst

Freelance / Remote · Indonesia | Jan 2025 – Present

Focus: Learning consulting, AI-output evaluation, prompt engineering, research synthesis

- Delivered needs-analysis notes, audience profiles, competency maps, onboarding outlines, and assessment frameworks for remote clients.
- Reviewed AI-generated outputs for accuracy, instruction-following, reasoning quality, and safety alignment across annotation and model-training workflows.
- Produced prompt workflows, AI-output rubrics, comparison matrices, and decision-support research briefs spanning L&D, business analysis, and technology topics.

Learning and Development Manager

Suitmedia · Jakarta, Indonesia | Feb 2023 – Aug 2024

Focus: LMS operations, scalable onboarding, learning analytics, L&D governance

- Designed and launched Rocketiversity — internal LMS/onboarding system for 100+ employees across business and technical teams.
- Built role-based learning paths, readiness milestones, assessments, feedback checkpoints, and progress tracking; contributed to 30% faster time-to-productivity.
- Set up content-governance practices: content ownership, update cycles, version control, pathway maintenance, and continuous improvement.

Lecturer / Former Head of Engineering Management Program

Institut Teknologi Del · Laguboti, Indonesia | May 2016 – Jun 2023

Focus: Curriculum systems, LX design, assessment, quality improvement, capability development at scale

- Designed and delivered learning experiences for 200+ students across 6 domains; led the 2019–2024 curriculum revision cycle.
- Built competency-based activities, capstone structures, practicum modules, assessment rubrics, and 5 Astra Lean teaching modules (5S/5R, waste, flow, kanban/JIT, standardized work).
- Managed academic learning-operations: curriculum planning, internship coordination, student supervision, and thesis examination.

Program Manager, Health Technology Initiative

Summit Institute of Development · Mataram, Indonesia | May 2015 – Oct 2015

Focus: Digital adoption, user enablement, training support, workflow implementation

- Supported OpenSRP implementation across 6 digital-adoption workstreams; improved user readiness for Android-based maternal and child health workflows.

R&D Engineer

PT Cipta Srigati Lestari • Jakarta, Indonesia | Apr 2011 – Aug 2011

Focus: Software tools, decision support, workflow efficiency

- Developed Java-based operational tools: B2B supply-chain optimisation, route optimisation, decision support, and technical documentation.

L & D PROJECTS

◆ **Rocketversity LMS**

Internal LMS for 100+ employees; role-based paths, assessments, progress tracking

◆ **Engineering Management Curriculum**

2019–2024 competency-based cycle supporting 200+ learners at IT Del

◆ **OpenSRP / THRIVE**

Six-workstream digital adoption for maternal & child health with non-technical stakeholders

◆ **Onboarding Productivity**

Standardized structure, sequenced content, clarified readiness — 30% faster time-to-productivity

◆ **Astra Lean Lab**

Teaching modules: 5S/5R, waste, flow, kanban/JIT, standardized work

◆ **Freelance L&D & AI Workflows**

Remote consulting artifacts, AI-output reviews, prompt workflows, research briefs

E D U C A T I O N & T R A I N I N G

MBA, International Business • THWS Wuerzburg-Schweinfurt, Germany • 2012–2014 — Thesis: Leadership on Flat Organization Structures

BEng, Informatics • Institut Teknologi Bandung (ITB), Indonesia • 2004–2010 — Thesis: Image Retrieval System using Geotagging Information

Certifications & courses: Advanced ML & Deep Learning — Indonesia AI (2025) • Intercultural Team-Building — Gayfie, France (2013) • German B2 — Hartnackschule Berlin (2011)

A C A D E M I C A R T I F A C T S

7 publications including 2 conference papers (ICEBE 2022; IOP 2019) • **3 technical books** (Engineering Management methodology; EM Curriculum 2019–2024; Andaliman Value Enhancement) • **Research grants** (national/internal) • QFD-based Andaliman dryer (IP record, delivered to farmers)
